CNC MACHINE OPERATOR

ADVANCED MACHINE & ENGINEERING CO.

Advanced Engineering Co. is a global leader in machine tool components and metal cutting machines for over 50 years. With strong core values supporting STEM (Science, Technology, Engineering, and Math) education, AME's robust apprenticeship and community outreach programs ensure a secure, innovative environment that supports AME facilities and the development of the American manufacturing movement.

Please consider joining our team!

We are looking for the right candidate working four days per week for both day and night shifts.

Ideal applicant education, skills and requirements:

- Minimum of two years of manufacturing machine experience
- Ability to set up (programming is provided, however, there may be editing required)
- Minimal GD&T capabilities—ability to measure using micrometers

Our company offers a unique work culture with excellent people working in teams in a lean office environment.

We offer an outstanding benefit package which includes the following:

- Medical, Vision and Dental Insurance
- Company Paid Life Insurance
- Disability Insurance
- Flexible Spending Accounts
- 401(K) Retirement Plan with company match and profit sharing
- 10 Paid Holidays
- Supplemental Insurance Benefits (Accident, Cancer)
- Company Events: Annual Employee Appreciation Dinner & Dance, Summer Picnic, Steak Fry, Thanksgiving Feast, Birthday Recognition Gift, Years of Service Awards, Performance Bonus Plans.

Interested applicants may send their resume and salary history to:
